

LOS ANGELES BASIN SECTION

JOIN LABS WEDNESDAY, FEBRUARY 24 @ 6PM

Are you in Wastewater Operations or Maintenance? Do you think membership in LABS/CWEA is useful only for managers and engineers? Let LABS buy you a beer and change your mind. For the LABS February Training Event, we have an exciting outreach program, and, in addition to our faithful regular members and corporate sponsors, we hope to see some new faces at this meeting.

Meet us at 6:00 PM at the LACSD Biosolids Dewatering Maintenance Building to watch the LA Wrecking Crew demonstrate the skill and teamwork that have brought them several national awards. After the demonstration, join us for dinner at the Alpine Village Restaurant and, if you work in Operations or Maintenance, have a free beer on us. During dinner, Debra

Bogdanoff of LACSD and CWEA will give a brief presentation about LABS & the California Water Environment Association.

Directions to Demonstration:

24000 Block of Figueroa Street in Carson - Take the 405 south and exit at Sepulveda. Go LEFT on Sepulveda for 2 blocks under the freeway, RIGHT on Figueroa for 200 yards, then LEFT into new JWPCP driveway (before railroad tracks). Go to security checkpoint, then follow signs/flaggers to the correct building.

COST

(Please pay at door of demonstration)

- Members: \$30
Non-Members (Special Price!) \$30
Students & Retirees \$15

RSVP

Respond by February 22, 2010 with one menu choice to Pat McDaniel via email (preferred) at pmcdaniel@biocope.com Or via phone at (214) 244-8692
