

Sustainable Infrastructure

Building LA's Clean Water Future

Sept. 8th • 8am - 4pm

Sustainable Infrastructure is the foundation for creating a strong and prosperous economy in communities around the world. The Los Angeles Basin Section (LABS) of California Water Environment Association is organizing a Sept. 8th specialty conference to promote sustainable practices that help ensure we continue to enjoy the benefits of clean and safe water.

We will hear from industry leaders about projects and practices that will help us realize and maintain sustainable communities.

Please RSVP / Pay at the Door check or cash / \$30 Members / \$40 Non-members / \$20 Students
