Join LABS of CWEA while we learn about the recent winner of the Public Education/Outreach Award, the City of Los Angeles' **Green Chemistry Guide**. Michael Simpson of the City of Los Angeles Bureau of Sanitation and his team will share the story of how the City of Los Angeles led the development of the Green Chemistry Guide and accompanying webinar series. This manual provides state agencies and technical assistance providers with tools and resources to better serve their clients who are looking for information and to support greening their operations, supply chains, processes, and products.
